

AQUALizer Home manual

+ Filter volume: 2,7 l
Filtered volume: 1,5 l

+ The manual exchange indicator ensures you never miss the right time to change your filter cartridge (after 4 weeks).

+ Effortless filling without splashing: the filling flap opens automatically as soon as the water jet hits.

+ Fits into all standard refrigerator doors. Therefore your filtered water is always chilled.

+ Dishwasher safe

+ BPA free: made of plastic without plasticizers

The table water filter "AQUALizer Home" impresses with its attractive design and optimal ergonomic handling. The elegant table water filter turns your local tap water into tasty drinking water with the unique BWT filter technology. The product is BPA free and can easily be cleaned in the dishwasher. The compact design allows it to be placed in any standard refrigerator door.

+ the environmentally friendly alternative to plastic bottles

Inclusive

Magnesium Mineralized Water
